

DUAL DC POWER SUPPLY

■ Low noise level power supply unit

This low noise type power supply unit has high reliability, low temperature coefficient, quick responding transient characteristics and excellent regulation.

■ Easy setting of voltage

Two potentiometers make it easy to fine tune the voltage setting.

■ Use as constant current power supply

This power supply may be converted to a stable constant current power supply. Current value may be set continuously or variable with potentiometer.

SPECIFICATIONS

Raptec-5002

DC Output voltage adjust	DUAL 0 - 50V
DC Output current adjust	DUAL 0 - 2A
Loading regulation	0.5% \pm 5 mV
Line Regulation	0.5% \pm 5 mV
Ripple and noise	6 mV(RMS)
Output voltage & current monitor	4 Analog meter
Protection	Automatic reset overload & short circuit protection
Power source	220VAC
Dimensions (approx.)	255(W) x 150(H) x 340(D) mm.

*Specifications are subject to change without notice.
